

## **Your Home Sold Guaranteed or I Will Buy It\***

Welcome! Please find a desktop collection of important information about the sale of your home. For most people, the sale of their home is one of the most important financial transactions of their entire life.

All real estate agents are definitely NOT the same so you will want to select the only one you trust to handle the sale of your home most carefully. The information we have provided can help you do just that. Please do not hire an agent until you have read, watched and listened to the enclosed materials.

The items you will find on your desktop here are:

- Step 1 - A video you should watch Before Interviewing or hiring any Real Estate Agent
- Step 2 - An Important Home Seller Information Packet Detailing a Warning and Shocking Fact!
- Step 3 - A Radio Program Interview Detailing the Four Biggest Mistakes to Avoid When Selling Your Home
- Step 4 - Exactly how you can get more money when you are ready to sell your home
- Step 5 - An Area Map of Recent Home Sales by me and my team.

For some people, selling their home is a natural life milestone to be celebrated. For others, the sale may be motivated by a career move or transfer, a change in finances or something else not of their choice so the sale of the family home is a difficult decision. Either way, you simply do not need the added stress of promises not kept, confusion, unnecessarily numbers of unqualified “lookers” marching through your home at all hours, as well as pricing and presentation mistakes that cost you tens of thousands of dollars. The information we have sent can help you avoid all of this. We look forward to hearing from you and to being of service.
